RE: CG Docket No. 03-123

To: Chairman Martin;  
Commissioners Adelstein, Copps, McDowell, and Tate

I am Deaf and I need Video Relay Service (VRS) in order to be able to place and receive phone calls with hearing individuals in my own native language – American Sign Language (ASL). I am writing to strongly urge the FCC to establish a new stable, reliable, and predictable VRS rate for the next three years. I know that a long-term stable rate will directly impact the VRS services that I rely upon.

Please set a fair VRS rate that encourages VRS providers to:

- › Increase VRS access for all Deaf individuals through outreach programs
- › Invest in the training and development of additional professional interpreters
- › Improve VRS technology to provide reliable 24/7 and 911 services

Increasing the VRS rate would severely impact the quality of VRS, which I rely on for my communication needs.

Sincerely, Linda Haley
